PROJECT MANAGEMENT WORKSHOP

Beli Manastir, Baranja, Croatia
May 18-20, 2018
Every year Young Crew Croatia brings you the most interesting topics in the field of project management. This year learn more about Scrum and traditional project management.

You can choose between one of these two workshops:

1. **Projectland 101 - all you need to know about traditional project management**

2. **Super-fast interactive introduction to Scrum**
Projectland 101 - all you need to know about traditional project management

This workshop will teach you everything you need to know how to go ahead and successfully manage every phase of your project, from the idea to the end result, working in small teams, lots of uncertainty and an experienced Game Master that will track and support you throughout the game. And of course, if you like educational board games then this is the workshop for you! With Rebeka D. Vlahov, who is an experienced educator in the field of project management, you will, within just a few hours, learn all you need to know on how to start managing your own projects.

TRAINER:

Rebeka D. Vlahov, PhD

Rebeka Danijela Vlahov’s teaching activities include lectures and seminars at the Faculty of Economics and Business and Faculty of Chemical Engineering and Technology at University of Zagreb and the Lomonosov Moscow State University Business School as a Visiting Lecturer. She has participated in numerous scientific and professional projects. She has launched and leads the Project Management Awards and is one of the founders of Young Crew Croatia. Today she is a member of the Board of Directors of the Croatian Association for Project Management in charge of ‘Awards’ and Young Crew Croatia, deputy delegate at IPMA COD and a member of Young Crew Management Board in charge of communication and Coaches&Mentors Program.
Super-fast interactive introduction to Scrum

Scrum is an Agile framework for product development. Learn the concepts of Scrum: teamwork, planning, reviewing, retrospectives and interteam communication as well as having a backlog, refining it and preparing useful user stories. Get ready to move around a lot, cooperate with interesting people, laugh and maybe even fight with your teammates!

TRAINERS:

Goran Kelečić
